

SuperFlush 750

The SuperFlush 750 is a fully automatic chinaware toilet macerator suitable for pumping waste from the WC pan to a higher level when gravity drainage is not possible and/or economical to install.

The system is suitable for installing either at the initial building stage or retro fitting to existing buildings.

It cannot accept waste connections from any other appliances.

The system consists of a chinaware WC pan with a built in macerator. No cistern is required as the unit is connected directly to a cold water supply enabling a space saving 'back to wall' installation.

The SuperFlush 750 comes equipped with an aspirator and features a programmable rinsing option.

KEY FEATURES

- Space saving back-to-wall toilet. No cistern required
- Ideal for installation in confined spaces such as under stairs cupboards, loft conversions or boats.

PUMP CURVE

DIMENSIONS (mm)

Product	Length	Width	Depth
SuperFlush 750	470	370	420

TECHNICAL DATA

Product	SuperFlush 750
Power supply	230V AC
Rated current	3.1A
Motor rating	750W
Frequency	50Hz
Max vertical output	3m
Max horizontal output	30m
Max flow rate	100l/min
Max liquid temp.	<40°C
Min. water pressure	1.7 bar
Max. water pressure	10 bar
Discharge size	DN40
Cable length	1.6m
Weight	30kg
Colour	White
IP rating	IP44

SUITABLE FOR

Above
ground

New build

Retro-fit

WASTE TYPE

Foul
