

WaterGuard Commercial

With the increased demand placed on house builders, developers and contractors to build more energy efficient buildings in line with BRE Environmental Assessment Method 'BREEAM' and Code for Sustainable Homes, and with water prices set to increase, there is an ever-growing need to consider water conservation measures in all buildings.

The WaterGuard Commercial is a fully bespoke rainwater harvesting system which can be designed to suit your site's requirements.

KEY FEATURES

- Vast array of tank designs
- Storage volumes in excess of 100,000 litres
- Energy efficient in line with BREEAM requirements
- A range of pump and control methods to suit any project
- Gravity/Direct options available
- Overflow to storm drain or soakaway
- Bespoke design service

EXAMPLE APPLICATIONS BY SECTOR

Commercial

- Hospitals and clinics
- Offices
- Shops and retail parks
- Sports stadiums
- Hotels, pubs and restaurants
- Garden centres

Industrial

- Factories
- Logistics and distribution centres
- Farms and market gardening

Educational

- Schools
- Training centres
- Colleges and universities
- Visitor centres and museums

Residential

- Housing association projects
- Private apartment buildings
- Private housing
- New estate developments

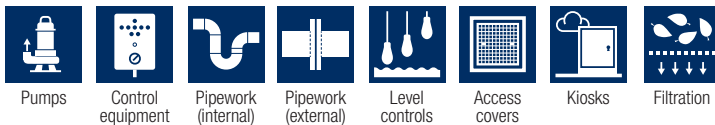

EXPERT DESIGN SERVICE

We provide a complete in-house design service, including site survey, that ensures all aspects of your application are considered when specifying your rainwater harvesting system.

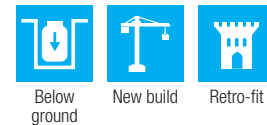

This takes into account the following:

- Storage capacity (accounting for regional rainfall statistics and roof area)
- Incoming demand (occupancy levels, appliances to be supplied etc.)
- Filtration (eg leaf filters, ultraviolet)
- Tank connections (pipework sizes and positioning)
- Overflow arrangements (drain, soakaway including backflow protection)
- Backflow protection (isolation of mains water from rainwater, via air gap, conforming with BS 8515)
- Pump selection (pumping distance and configuration)

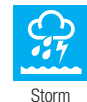

OPTIONAL EXTRAS

SUITABLE FOR

WASTE TYPE

All our products can be customised to your requirements. For more information on this please contact our sales team on 01442 211554.
