

# Magna SS Twin 2350/11/80

The Magna SS Twin 2350/11/80 is a fully automatic floor mounted pumping station offering dual horizontally mounted dry well pumps and a robust 2350 litre stainless steel chamber.

The system is suitable for pumping both foul and storm water to a higher level when gravity drainage is not possible and/or economical to install.

Manufactured in robust stainless steel with ductile iron pipe work the MagnaSS couples top level aesthetics with hard wearing durability making it ideal for high level commercial installation.

The system is supplied with a DN80 outlet and uses vortex impellers. The control panel upstand also ensures the system can be installed in as compact an area as possible. The system is only suitable for three phase power.

## KEY FEATURES

- 2350 litre storage capacity
- Robust and attractive stainless steel chamber system
- Automatic twin horizontally mounted vortex pumps
- DN80 outlet connection
- Space saving control panel upstand
- Bespoke systems available contact our sales team to discuss your project

## PUMP CURVE

## DIMENSIONS (mm)

Product	Length	Width	Height
Magna SS 2350/11/80	2287	1250	1700
Chamber	1250	1250	1500

Product	Height	Width	Depth
Control panel	500	400	200

## TECHNICAL DATA

MAGNA SS 2350/11/80	
Power supply	415 VAC
Number of pumps	2
Impellor type	Vortex
Starting current	36A
Starting torque	28.4Nm
Rated current	6.4A
Rated torque	19.6Nm
Motor rating	3000W
Frequency	50Hz
Revolutions per min.	1450rpm
Max vertical output	11m
Max flow rate	42 l/s
Free passage	75mm
Input size	DN100
Discharge size	DN80
Tank capacity	2350 l
Tank material	Stainless steel
Lifting eyes	2no
Level control type	Probes
Number of level controls	5no
CONTROL PANEL	
Material	Metal
Volt free contact	Yes
Voltage	415 VAC
Voltage contact	No

## SUITABLE FOR

## WASTE TYPE

## OPTIONAL EXTRAS

All our products can be customised to your requirements. For more information on this please contact our sales team on 01442 211554.

# DELIVERING PUMPED AND DRAINAGE SOLUTIONS FOR OVER 25 YEARS

- Packaged pumping stations
- Waste water pumping systems
- Macerators and macerating toilets
- Floor mounted pumping stations
- Fat, oil and grease separating systems
- Rainwater harvesting systems
- Battery backup systems
- Adoptable pumping stations
- Accessories

We provide pumped and drainage products and services to the public and private sectors, including residential, commercial, hospitality and retail.

We are proud of the long-term relationships we have built with our clients and partners, delivering cost effective, robust and dependable products and services.

## Protect your property with an Edincare Service Agreement

As with all pumped and drainage systems, regular maintenance is essential to ensure optimum performance and minimal downtime. Our Service Agreements comprises planned preventive maintenance visits at an agreed frequency, we also service other manufacturers' equipment regardless of type, make and age.

- ✓ Validates your building insurance
- ✓ Reduces the risk of failure
- ✓ Increases the life expectancy of your equipment
- ✓ Priority callouts and 24/7 out-of-hours service
- ✓ Reduced rates for emergency call outs
- ✓ Flexible payment options (Direct Debit)
