

PowerFlush

The PowerFlush is a fully automatic macerator suitable for pumping waste from a complete bathroom to a higher level when gravity drainage is not possible and/or economical to install.

The system is suitable for installing either at the initial building stage or retro fitting to existing buildings and can accept waste connections from a toilet, basin, shower or bidet.

The PowerFlush incorporates the unique Piranha® cutting system – its razor sharp stainless steel blades act like a pair of rotary scissors to cut up waste items, reducing the chance of a blockage.

The PowerFlush is compact and easy to install, discharging to the right or left.

The system can be fitted with an optional high level alarm.

KEY FEATURES

- Unique 'Piranha' cutting system – part of the Edincare 'FullCut' range
- Designed to accept waste from a full bathroom suite including toilet, basin, shower and bidet
- Inlet and discharge pipe work can be fitted to either side of the unit for maximum versatility
- Optional high level alarm can be used to transmit faults to BMS

INSTALLATION EXAMPLE

1. Backwash level
2. Backwash loop with base above the backwash level.

DIMENSIONS (mm)

Product	Length	Width	Height
PowerFlush	414	197	287

TECHNICAL DATA

PowerFlush	
Power supply	230V AC
Rated current	4.7A
Motor rating	1100W
Frequency	50Hz
Revolutions per min.	2900rpm
Max vertical output	7m
Max horizontal output	50m
Horizontal fall	1:200
Max flow rate	96 l/m
Max liquid temp.	<60°C intermittent
Discharge size	32mm
Cable length	2.2m
Weight	9kg
Colour	White
