

MaestroSanisplit

The MaestroSanisplit is a fully automatic macerator suitable for pumping waste from a toilet, basin, shower and/or bidet.

The system is ideal for commercial applications such as hotels and guesthouses, as standard domestic macerators are prone to blockages due to abuse leading to loss of revenue.

The MaestroSanisplit consists of two modules, the collection chamber and detachable pump module. Should a blockage occur the pump module can be removed for servicing and immediately replaced with a spare. This means that within minutes the system is fully operational.

KEY FEATURES

- Detachable pump module for immediate replacement
- Ideal for hotels and guest houses
- Designed to accept wastes from a complete bathroom suite – WC, basin, shower and bidet

WASTE TYPE

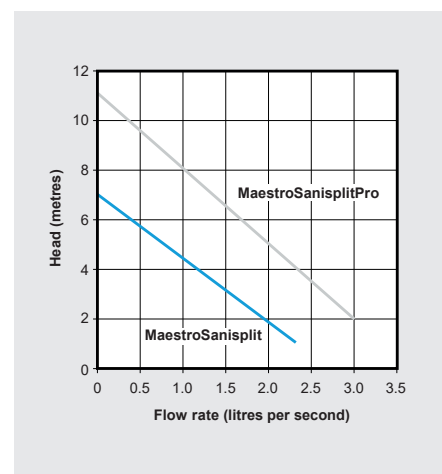

Grey

Foul

TECHNICAL DATA

Power supply	230 V AC 1~
Number of pumps	1
Pump type	Macerator
Rated current	3 A
Motor rating (P2)	600 W
Revolutions per min.	2700
Max vertical output	7 m
Max flow rate	2.2 l/s
Max liquid temp.	<60°C intermittent
Discharge size	32 mm
Mains cable length	1.2 m
Weight	10 kg
Ingress protection	IP 55

RECOMMENDED ACCESSORIES

All our products can be customised to your requirements. For more information and advice please call our Sales Team on 01442 211554.

DIMENSIONS

MaestroSanisplit

CONNECTIONS

If connecting a toilet (foul waste), only connect other bathroom appliances eg washbasin, shower, bath and/or bidet. Do not also connect kitchen or utility appliances.

Connecting appliances to the unit

Minimum height of shower tray

WARNING

In accordance with EN-12050-3 and EN-12050-4, if the macerator collects foul water (toilet), only one washbasin and/or one bidet and/or one shower may also be connected.

WARNING

Do not dispose of wet wipes, sanitary items, nappies or other non-soluble items into the MaestroSanisplit as these may result in a blockage.
