

AutoFlush30XL

The AutoFlush30XL is a fully automatic pumping station suitable for pumping grey water with small solids (smaller than 5 mm in diameter) to a higher level when gravity drainage is not possible and/or economical to install.

The compact tank is ideal for accepting waste from utility sinks, wash basins, tea points or similar. It discharges to 32 mm small bore pipe work for installation through busy service voids and roof spaces.

The system consists of a sealed polyethylene chamber, internal pipe work and fittings, an automatic vortex submersible pump and solvent weld outlet connection. Installation of an optional low level float enables a low level inlet into the chamber.

The AutoFlush30XL is easy to install as inlets can be drilled to suit site requirements (inlet information to be supplied at time of order).

WASTE

Grey

KEY FEATURES

- Reliable automatic pump suitable for soft solids up to 5 mm in diameter
- Variable inlet positions offer high versatility on site (inlet information to be supplied at time of order)
- A range of alarms and remote alerts are available offering peace of mind to the end user
- 32 mm discharge enables pumping of wastewater through small bore pipes
- Installation of an optional low level float enables a low level inlet into the chamber

DIMENSIONS (mm)

TECHNICAL DATA

Chamber	
Colour	Grey
Material	Polyethylene
Weight	9 kg
Lifting eyes	No
Capacity	30 litres
External discharge size	32 mm
Pump	
Number of pumps	1
Power supply	230 VAC 50 Hz ~1
Rated current	1.4 A
Motor rating	320 W
Revolutions per min.	2720 rpm
Max vertical output	7 m
Horizontal fall	1:200
Max flow rate	1.8 l/s
Max liquid temp.	<40°C
Free passage	10 mm
Discharge size	1 1/4"
Cable length	3 m

RECOMMENDED ACCESSORIES AND PRODUCTS

AquaSafe Alarm (Mini) #22070	UPS 2000 #29161	Low level float #23016	ProTrap Auto 1850-PF #5033

DELIVERING PUMPED AND DRAINAGE SOLUTIONS FOR OVER 30 YEARS

Packaged pumping stations

Waste water pumping systems

Macerators and macerating toilets

Floor mounted pumping stations

Fat, oil and grease separating systems

Rainwater harvesting systems

Battery backup systems

Adoptable pumping stations

Submersible pumps

Accessories

We provide pumped and drainage products and services to the public and private sectors including residential, commercial, hospitality and retail. We are proud of the long-term relationships we have built with clients and partners, delivering cost effective, robust and dependable products and services.

PROJECT SERVICES

- Project design
- Site surveys
- Installations
- Refurbishments

AFTERSALES SERVICES

- Planned servicing
- Emergency call outs
- Commissioning
- Monitoring

DRAINAGE SERVICES

- Tankering
- Drain maintenance
- Surveys and investigations
- Repairs

12-MONTH GUARANTEE

Your products are protected by a 12-month guarantee. [Terms and Conditions](#) apply.

Protect your property with an Edincare Service Agreement

As with all pumped and drainage systems, regular maintenance is essential to ensure optimum performance and minimal downtime. Our Service Agreements comprises planned preventive maintenance visits at an agreed frequency, we also service other manufacturers' equipment regardless of type, make and age.

- ✓ Validates your building insurance
- ✓ Reduces the risk of failure
- ✓ Increases the life expectancy of your equipment
- ✓ Priority callouts and 24/7 out-of-hours service
- ✓ Reduced rates for emergency call outs
- ✓ Flexible payment options (Direct Debit)
