

AutoFlushSSTwin c/w Timer Control Panel

The AutoFlushSSTwin is a fully automatic pumping station suitable for pumping grey water with small solids (smaller than 5 mm in diameter) to a higher level when gravity drainage is not possible and/or economical to install.

The compact tank is ideal for accepting waste from utility sinks, wash basins, tea points or similar.

The system consists of a sealed stainless steel, internal pipe work and fittings, automatic vortex submersible pumps and male-threaded outlet connection.

1½" BSP discharge allows small bore pipe work for installation through busy service voids and roof spaces.

A 10-hour changeover control panel offers even wear for the two motors as well as a high level alarm and volt-free contact.

WASTE

Grey

KEY FEATURES

- Twin pumps to protect against pump failure and heavy water inflows
- Control panel for timed changeover, high level alarm and volt-free contact
- Reliable automatic pumps suitable for soft solids up to 5 mm in diameter
- A range of remote alerts are available offering peace of mind to the end user
- Installation of an optional low level float
- High-grade stainless steel chamber with easy to clean finish. Ideal for the catering industry.
- 1½" BSP discharge for pumping of wastewater through small bore pipes

PUMP CURVE

TECHNICAL DATA

Tank	
Material	Stainless steel
Lifting eyes	No
Capacity	90 litres
External discharge size	1½" BSP
PUMP	
Number of pumps	2
Power supply	230 VAC
Rated current	1.4 A per pump
Motor rating	200 W
Frequency	50 Hz
Revolutions per min.	2720 rpm
Max vertical output	7 m
Horizontal fall	1:200
Max flow rate	1.7 l/s per pump
Max liquid temp.	<40°C
Free passage	10 mm
Cable length	3 m
CONTROL PANEL	
Material	Metal
Volt-free contact	Yes, common fault
Voltage	240 V
Volted contact	24 V
IP rating	IP54
Dimensions (L x W x D)	400 mm x 400 mm x 200 mm
FLOAT	
Material	Polyethylene
Cable length	5 m

DIMENSIONS (mm)

RECOMMENDED ACCESSORIES AND PRODUCTS

All our products can be customised to your requirements. For more information please call our sales team on 01442 211554.

DELIVERING PUMPED AND DRAINAGE SOLUTIONS FOR OVER 30 YEARS

Packaged pumping stations

Waste water pumping systems

Macerators and macerating toilets

Floor mounted pumping stations

Fat, oil and grease separating systems

Rainwater harvesting systems

Battery backup systems

Adoptable pumping stations

Submersible pumps

Accessories

We provide pumped and drainage products and services to the public and private sectors including residential, commercial, hospitality and retail. We are proud of the long-term relationships we have built with clients and partners, delivering cost effective, robust and dependable products and services.

12-MONTH GUARANTEE

Your products are protected by a 12-month guarantee. [Terms and Conditions](#) apply.

Protect your property with an Edincare Service Agreement

As with all pumped and drainage systems, regular maintenance is essential to ensure optimum performance and minimal downtime. Our Service Agreements comprises planned preventive maintenance visits at an agreed frequency, we also service other manufacturers' equipment regardless of type, make and age.

- ✓ Validates your building insurance
- ✓ Reduces the risk of failure
- ✓ Increases the life expectancy of your equipment
- ✓ Priority callouts and 24/7 out-of-hours service
- ✓ Reduced rates for emergency call outs
- ✓ Flexible payment options (Direct Debit)
