

BlueMax

The BlueMax fully automatic pumping station is suitable for pumping condensate to a higher level when gravity drainage is not possible and/or economical to install.

The robust and unobtrusive system can be wall or floor mounted for versatile installation. The compact chamber is ideal for accepting waste from condensate boilers, steam ovens, refrigeration systems or similar.

It discharges through small bore pipework for installation through busy service voids and roof spaces.

It includes a volt-free contact to connect to a building management system or similar providing early warning of pump failure.

The system consists of a sealed chamber, internal pipe work and fittings, automatic pump and small bore evacuation tube outlet connection.

KEY FEATURES

- Compact, sealed chamber for simple installation
- Reliable motor for very low flows
- High level safety switch
- Volt-free contact
- The BlueMax is easy to install due to the small chamber discharge pipe sizes
- Quick release non-return valve
- Suitable for boilers up to 200 kW
- Includes 6 m of 9.5 mm ID flexible hose
- Can be adapted to 22 mm discharge.

WASTE TYPE

TECHNICAL DATA

No. of pumps	1
Pump type	Diaphragm
Power supply	240 VAC
Rated current	1.6 A
Motor rating	117 W
Max. vertical	5.5 m
Max. flow rate	0.11 l/sec
Discharge size	9.5 mm
Max liquid temp.	<90°C intermittent
Cable length	1.8 m
Decibel rating	43 dB(A)
IP rating	IP20
Dimensions L x W x H	286 x 135 x 166
Weight	1.9 kg

DELIVERING PUMPED AND DRAINAGE SOLUTIONS FOR OVER 30 YEARS

Packaged pumping stations

Waste water pumping systems

Macerators and macerating toilets

Floor mounted pumping stations

Fat, oil and grease separating systems

Rainwater harvesting systems

Battery backup systems

Adoptable pumping stations

Submersible pumps

Accessories

We provide pumped and drainage products and services to the public and private sectors including residential, commercial, hospitality and retail. We are proud of the long-term relationships we have built with clients and partners, delivering cost effective, robust and dependable products and services.

PROJECT SERVICES

- Project design
- Site surveys
- Installations
- Refurbishments

AFTERSALES SERVICES

- Planned servicing
- Emergency call outs
- Commissioning
- Monitoring

DRAINAGE SERVICES

- Tankering
- Drain maintenance
- Surveys and investigations
- Repairs

12-MONTH GUARANTEE

Your products are protected by a 12-month guarantee. [Terms and Conditions](#) apply.

Protect your property with an Edincare Service Agreement

As with all pumped and drainage systems, regular maintenance is essential to ensure optimum performance and minimal downtime. Our Service Agreements comprises planned preventive maintenance visits at an agreed frequency, we also service other manufacturers' equipment regardless of type, make and age.

- ✓ Validates your building insurance
- ✓ Reduces the risk of failure
- ✓ Increases the life expectancy of your equipment
- ✓ Priority callouts and 24/7 out-of-hours service
- ✓ Reduced rates for emergency call outs
- ✓ Flexible payment options (Direct Debit)
