

UPS 2000 & UPS 3000

Mains power failure commonly coincides with flooding. A battery backup system ensures that your pumping equipment continues to operate during a cut in mains power, protecting your property from catastrophic flooding damage.

Battery backup systems are especially important for groundwater and surface water applications where inflow to the system cannot be controlled.

The Edincare UPS 2000 and UPS 3000 uninterruptible power supplies (UPS) offer the highest levels of resilience and protection for your property. The unit will provide power to one submersible pump in the event of mains power failure, allowing for continued pump operation. Both systems are quick and simple to install.

UPS 2000

UPS 3000

TECHNICAL DATA

Model	UPS 2000	UPS 3000
Input		
Nominal voltage	220–240 VAC	220–240 VAC
Nominal frequency	50 Hz	50 Hz
Nominal current	9.7 A	14 A
Battery		
Usage (based on a 3.5m head)	EA31 pump, 30 mins continuous	EA31 pump, 60 mins continuous EA33 pump, 30 mins continuous
Battery type	Maintenance-free lead based	Maintenance-free lead based
Recharge time	<4 hours for 80% of the load	<4 hours for 80% of the load
Output		
Nominal voltage	230 VAC	230 VAC
Frequency	50 Hz	50 Hz
Nominal power	2000 VA	3000 VA
Nominal power	1600 W	2700 W
Other		
Ambient temperature	0°C to +40°C	0°C to +40°C
Humidity	< 90% without condensation	< 90% without condensation
Protection devices	<ul style="list-style-type: none"> excessively low batteries overcurrent short circuit overvoltage undervoltage circuit breaker 	<ul style="list-style-type: none"> excessively low batteries overcurrent short circuit overvoltage undervoltage circuit breaker
Max distance to chamber	10 metres	10 metres
Weight	19 kg	28 kg

KEY FEATURES

- Alerts the end user if there is a mains power failure.
- Keeps the pump system powered in the event of mains power failure.
- Can be added to new or retrofitted to existing installations.

DIMENSIONS (mm)

DELIVERING PUMPED AND DRAINAGE SOLUTIONS FOR OVER 30 YEARS

Packaged pumping stations

Waste water pumping systems

Macerators and macerating toilets

Floor mounted pumping stations

Fat, oil and grease separating systems

Rainwater harvesting systems

Battery backup systems

Adoptable pumping stations

Submersible pumps

Accessories

We provide pumped and drainage products and services to the public and private sectors including residential, commercial, hospitality and retail. We are proud of the long-term relationships we have built with clients and partners, delivering cost effective, robust and dependable products and services.

PROJECT SERVICES

- Project design
- Site surveys
- Installations
- Refurbishments

AFTERSALES SERVICES

- Planned servicing
- Emergency call outs
- Commissioning
- Monitoring

DRAINAGE SERVICES

- Tankering
- Drain maintenance
- Surveys and investigations
- Repairs

12-MONTH GUARANTEE

Your products are protected by a 12-month guarantee. [Terms and Conditions](#) apply.

HOW TO ORDER

Order online at www.edincare.com
Call Sales on 01442 211554

Protect your property with an Edincare Service Agreement

As with all pumped and drainage systems, regular maintenance is essential to ensure optimum performance and minimal downtime. Our Service Agreements comprises planned preventive maintenance visits at an agreed frequency, we also service other manufacturers' equipment regardless of type, make and age.

- ✓ Validates your building insurance
- ✓ Reduces the risk of failure
- ✓ Increases the life expectancy of your equipment
- ✓ Priority callouts and 24/7 out-of-hours service
- ✓ Reduced rates for emergency call outs
- ✓ Flexible payment options (Direct Debit)
